Getting out the Vote for Preborn Children

Pictures are worth a thousand words. Faithful CBR supporters know that The Center for Bio-Ethical Reform recognized nearly three decades ago that in order to change public opinion about abortion, we must show the humanity of the preborn child and the inhumanity of abortion with pictures. Our approach has accordingly been two-pronged for this Election season.

First, we launched our Key States Initiative (KSI) Voter Education Campaign in late September 2020. Our 24-foot box-body trucks display prenatal pictures with the message “Vote for Us,” as well as abortion photos. We have been operating our fleet of eight billboard box trucks in swing states: Florida, North Carolina, Pennsylvania, Michigan, Wisconsin, Arizona, and Nevada. The trucks have been strategically positioned in states where races are close between one or more pro-life and pro-abortion candidates for national offices.

Although we do not campaign for or against any named candidate or party, extensive experience driving our trucks in swing state U.S. Senate and presidential races demonstrates that their presence has a significant “get out the vote”

influence. With careful messaging and route planning, pro-life candidates generally outperform pro-abortion candidates in precincts in which we operate these vehicles. In close races, history has proven that our trucks can be a decisive factor in determining election outcomes. We surmise that this is because people who are shown abortion are less likely to support it.

Our experience suggests that there are few, if any, more cost effective means to be a pivotal educational factor in this country’s most important 2020 political campaigns. And these campaigns may be among the most crucial in our nation’s history.

The second prong is our online campaign, “Getting out the Vote for Preborn Children.” In mid-October, we completed

CBR’s Get-out-the-vote for the Preborn trucks have been working in Swing States. These photos were taken in Michigan. Pictured here are CBR staff members Lincoln Brandenburg and Dr. Bob Seemuth, along with long-time volunteer Maryann Matthews.

and began sharing beautiful video clips and still photos of human embryos and fetuses, ages six to ten weeks, for posting on social media. If we have your current email address, you will have received the information. Each image includes a paragraph that reads: “GET OUT THE VOTE: 6 weeks: Nearly no one in the world has ever seen a human embryo, alive in the uterus, six weeks following fertilization, imaged with a rare medical technology called embryoscopy. Click, be amazed, and share with people who may need to be reminded of why voting can be a matter of life and death.” (The age sentence is adjusted for each of the different weeks.)

We are grateful for all the people who have joined us in sharing these prenatal images on social media. Additionally, we give thanks for the tremendous outpouring of financial gifts towards the Key States Initiative. This generosity of God’s people enabled us to move all of our trucks into action during this final month of the election campaign.

May God bless our efforts to speak up for the little ones.

CBR-Poland Earns More Legal Protection for Preborn

Our affiliate in Poland shared a huge victory that just took place in the Polish Constitutional Tribunal. The Tribunal passed judgment that eugenic abortion is contradictory to the Polish Constitution.

CBR-Poland Director Mariusz Dzierżawski reported that: “The verdict of the Tribunal is ultimate. If Satanists want to change the law, they need to change the Constitution.” He further explained that since 1997, “From a legal point of view the contradiction was obvious, but the political circumstances prevented such a formal verdict. Poland required a social campaign to change hearts. We instigated it after Gregg Cunningham’s visit in 2004 with huge help from CBR. Thank you very much, Gregg!”

While we rejoice with CBR-Poland regarding this verdict, we and they know that the

spiritual battle continues. CBR-Poland estimates that 30,000 children are killed by abortion each year, and most die by abortion pills. Although the abortion pills are illegal in Poland, Mr. Dzierżawski said, “the abortion mafia promotes them openly.” CBR-Poland has moved forward to save babies from the abortion pills by launching a campaign just a few days ago. Join in prayer for this valiant effort.

Above: During COVID-19 restrictions, CBR-Poland was unable to conduct their daily public abortion photo displays like this one in August 2020. Yet they were not idle, but used that time to prepare a campaign against medical abortion (pills). Pro-abortion groups openly break the law by assisting women in obtaining illegal abortion pills from abroad.

Left: Poland reported a huge victory for disabled preborn babies this October – no more abortions for eugenic reasons!

Clarification: CBR Strongly Opposes Black Lives Matter

Several readers of the CBR Communique (CBR supporters) have been confused about CBR's position on Black Lives Matter (BLM) in spite of the fact that we have repeatedly condemned BLM. To our dismay, numerous U.S. companies and even some churches have jumped on to support the BLM bandwagon, an organization which has an agenda that is clearly anti-Biblical.

Once again, CBR strongly opposes the Black Lives Matter organization. We have directly confronted BLM on college campuses since 2015, and we have written about BLM in recent newsletters for several reasons:

- To expose their pro-abortion, anti-Christian, anti-nuclear family and pro-Marxist agenda.
- To demonstrate how CBR has responded to the BLM organization by creating *ALL Black Lives Matter — Born and Preborn* signs. Our signs explain the high abortion rate among blacks and how Planned Parenthood has targeted minority peoples with abortion. We encounter BLM on university campuses and we oppose them with our presence, our photo signs and sound arguments.

Save Babies While Buying or Selling Your Home

You can help the Center for Bio-Ethical Reform if you plan to buy or sell a home or business. RealEstateForLife.org is "Funding Gospel of Life Groups World-Wide." Call 877-543-3871 or email ProLifeRealEstate@yahoo.com indicating you were referred by CBR. They'll send you the name of an agent in your area. If a sale is made, CBR will receive a generous donation from the realtor's commission. There is no cost to you.

- BLM has been in the news extensively in recent months, and some Christians and churches have been deceived about this evil organization. Others have been bullied into expressing public support for BLM.

CBR will not bow to any cultural pressure, but in contrast, CBR always shows the truth and exposes lies. We agree with Scripture and we pray that those who are living under all kinds of deception will not "perish but for all to come to repentance." II Peter. 3:9b

We thank God that you stand with us as we uphold Scriptural truth and protect preborn human lives.

"Say to them, 'As I live!' declares the Lord God, 'I take no pleasure in the death of the wicked, but rather that the wicked turn from his way and live. Turn back, turn back from your evil ways!'"
