We were contacted by a pro-life activist from Guam who requested to use our abortion photos to educate the Guam legislature. They are considering HR bill 162-37 which would remove various restrictions to abortion. Raymond showed our 10-week aborted baby to the lawmakers during the Feb. 12, 2024 hearing and told the legislators: "This picture shocked me and caused me to really get involved as I've never been involved before." At the Pro-Life Prayer Rally in front of the Guam Legislature building, several individuals told Raymond that they appreciated his use of the photos at the hearing. Guam's pro-life activists are now considering expanding the use of aborted baby images in upcoming projects. Listen to the hearing here (Raymond's testimony begins at 2:21:00): https://www.youtube.com/live/y1Fb_5fk5Zw?si=hRP4KVzIMQzjil_m

God bless you for your prayers and support of CBR.

"Through Him all things were made; without Him nothing was made that has been made. In Him was life, and that life was the light of all mankind. The light shines in the darkness, and the darkness has not overcome it."
John 1:3-5

"I give monthly to CBR because they're the only ones in the anti-abortion movement who have the guts to show people the truth -- and in doing so, change opinions."

F.C.

During our Genocide Awareness Project at West Virginia University April 19-20, 2023, our abortion photo truck educated more people as we drove around the campus and the city of Morgantown. Abortion protestors were aggressive at this school, as seen by the students holding hand-made posters. Many attempted to disrupt our display by using bullhorns, insults, ranting monologues, screaming and all kinds of interruptions. Thankfully, our photos continue to speak.
